## NOTICE OF ALLOWABILITY

### *Allowable Subject Matter*

Claims 1-20 are allowed.

The following is an examiner's statement of reasons for allowance: The specific limitations of "...a collar operatively secured to the tap, the collar being slightly smaller than the counterbore to enable slidable movement and to prevent rotation of the tap relative to the handle; a retainer secured to the handle at the first end to retain the collar in the counterbore and having a central opening receiving the tap; and biasing means in the counterbore for biasing the tap and the collar outwardly to extend the tap when the handle is turned to thread an opening in a workpiece..." are not anticipated or made obvious over the prior art of record in the examiner's opinion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
